**Subject:** Thursday's WIP Workgroup Meeting Agenda and Handout--New location!  
**Attachments:** WIP LAG WG Local Planning Recipe 12-11-17.docx; PA WIP Local Area Goals Agenda 12-21-17.docx

Good afternoon workgroup members – our next workgroup meeting is this Thursday, 12/21 at PA Department of Agriculture, **Room 309, 2301 N Cameron St, Harrisburg**, PA 17110 (for those who cannot attend in person, you can dial in: **Ex. 6 Personal Privacy (PP)** / PIN: **Ex. 6 Personal Privacy (PP)**)

We will provide additional updates on Thursday, but wanted to let you know that the Steering Committee agreed with our thoughts that county-level goals made the most sense, and approved moving forward at that level. Our workgroup has now been tasked with developing a framework that can be used to create a plan to achieve the goals within each county, and attached you will see a rough outline that the co-chairs have put together from the Steering Committee discussion.

For Thursday's meeting, please review the attachment and come prepared to discuss what local areas will need in order to create a plan to achieve their goals – for example, you will see considerations related to the stakeholders needed at the table, resources, data and others in the draft. Another way to think about it – given the presentations and work we have done so far, if you were on a stakeholder group to help achieve a county-level goal, who would you want at the table? What resources would you like to have available? What data? And so forth.

Thanks very much--  
Kristen
